

The Hawai'i Association of Language Teachers is pleased to welcome you to our annual Fall Symposium.

Connections with Google Tools

SATURDAY, OCTOBER 13, 2012

8:00 a.m. - 12:30 p.m.

University of Hawai'i at Mānoa Moore Hall 153

SYMPOSIUM SCHEDULE		
8:00-8:30	Hallway outside Moore 153	Registration / HALT membership renewal / Breakfast ** Please - no food or drinks permitted in the computer lab rooms! **
8:30-9:00	Moore 153A PC Lab	Welcome & introduction & announcements <i>Satoru Shinagawa, Marta Gonzalez-Lloret, Lynette Fujimori, Jim Yoshioka, Language Representatives</i>
9:00-10:00 SESSION I: Choose one of two sessions	Moore 153A PC Lab	Session A: Google flow: Designing a chain of activities using Google Tools (for advanced Google users) Combine your and your students' use of different Google Tools in sequence to create a flow of information. For example, start with an input exercise, send them home to do a survey, and later on use the results of the survey to create a collaborative summary document. <i>Stephen Tschudi (UH Mānoa)</i>
	Moore 153B Mac Lab	Session B: Google for beginners Create a Google account and start a document. Documents can be accessed easily from any location with Internet, they can be shared with students, and students can work collaboratively in one document. <i>Cindy Wong (Moanalua High School)</i>
10:00-10:30	B R E A K	
10:30-11:30 SESSION II: Choose one of two sessions	Moore 153A PC Lab	Session A: Google+ Hangouts If you want to meet your students online for a videoconference, Google + allows you to connect up to 9 students with voice and video to work in groups, pairs, complete exercises, etc. The presentation will show how to initiate a group hangout and will provide some examples of exercises to do in classes at different levels. <i>Marta Gonzalez-Lloret (UH Mānoa)</i>
	Moore 153B Mac Lab	Session B: Google Earth Use Google Maps and Google Earth to create engaging activities for your students to teach directions, visit language and culture appropriate sites, and create exciting activities. <i>Satoru Shinagawa (Kapi'olani Community College)</i>
11:30-12:30 SESSION III: Choose one of two sessions	Moore 153A PC Lab	Session A: Google+ Hangouts (repeat) If you want to meet your students online for a videoconference, Google + allows you to connect up to 9 students with voice and video to work in groups, pairs, complete exercises, etc. The presentation will show how to initiate a group hangout and will provide some examples of exercises to do in classes at different levels. <i>Marta Gonzalez-Lloret (UH Mānoa)</i>
	Moore 153B Mac Lab	Session B: Google Earth (repeat) Use Google Maps and Google Earth to create engaging activities for your students to teach directions, visit language and culture appropriate sites, and create exciting activities. <i>Satoru Shinagawa (Kapi'olani Community College)</i>

Don't forget to sign up/renew your HALT membership and turn in your evaluation forms before you leave.

Please join us for our 27th HALT Spring Conference on Saturday, April 13, 2013.

See www.halthome.org for the latest updates.
